RECORDED BY A. Bickford DATE OF RECORDING 18/6/1986

DAVIDSON'S WHALING STATION, KIAH INLET

STRUCTURE / ARTIFACT Barrel hoop. Bent NUMBER T 9

DESCRIPTION (include materials, dimensions and date)
Metal. Iron? Bent. 1m x 1.5m long. 5cm wide.
Part of barrel hoop for the storage of whale oil and shipping it to Sydney.

LOCATION
North of capstan hole.

INFORMANT / ORAL HISTORY / REFERENCES IN LITERATURE

PHOTOGRAPHS (slides / colour prints / B&W [tick])

PHOTOGRAPHER A. Bickford
RECORDED BY A. Bickford DATE OF RECORDING 18/6/1986

DAVIDSON'S WHALING STATION, KIAH INLET

STRUCTURE / ARTIFACT First phase of tryworks. Row NUMBER T 10 of blackened bricks and flat timber eroding from the bank.
DESCRIPTION (include materials, dimensions and date)
Two samples which eroded from the bank during the survey period were collected for analysis as to age by Dr. George Gibbons. The black coating is the burnt scraps of blubber used to keep the fire alight. These bricks are thinner than those of the phase above and are probably earlier, of the Otaheti Bill period of the 1840s.
